About Us

"Stock market doesn't only teaches to make money but it also teaches lot about life, patience, persistence and wisdom."

TRADEENGINEER is an great initiative for the young generation who are ready to rise above all the incapabilities & make more, willing to step forward and be free from financial situations.Tradengineer is the Best Stock Market Institute that provides you with Best Online Stock Market knowledge.

We give you the path, proper system, and psychology needed to perform well and make consistent profit in the long run. Psychology is one of the most important factors which maximum traders are lacking in the beginning and we mainly work on your psychology in depth. We focus on what is right and what is actually needed. With our concepts and with our experience in the market we have developed such a course which is easily understandable.

Generally, trading is considered as a business that is not suitable for everyone, but this is just a hoax that we clear by making you learn about the strategies that can provide a good profit.

Board Of Directors

“Reaching any goal in trading requires specific domain knowledge and technical skills. But then, after that, it’s all mindset management. Yet most people ignore that —they automatically think they have that last part all figured out, and it’s a mistake”
